## **Mobile health services offered at 15 county sites in October**

In October, the Sarasota County Health Department's Health In Motion Mobile Medical Unit staff will provide its regular health services at 15 sites around the county.

The services offered include diabetes education and screening, blood pressure tests, pregnancy testing, HIV and tuberculosis testing, adult immunizations and health education. The staff also assists in finding a medical home that provides ongoing health care services for anyone who lacks medical insurance and does not have a health care provider.

No appointment is needed. Some services are free, including HIV rapid testing with results in 20 minutes. Other services offered at other locations are on a sliding fee scale based on income. Licensed volunteer physicians from the Senior Friendship Centers provide basic medical care when the mobile medical unit is at the Salvation Army in Sarasota. A registered nurse is available at all sites.

The following is a schedule of dates and locations for the mobile unit:
