Free and low-cost health services available during February

In February, the Sarasota County Health Department's Health In Motion Mobile Medical Unit staff will provide free and low-cost health services at 16 sites around the county.

A new location was added in Venice. Starting in February, the Health In Motion staff will provide services on the first Wednesday of the month (Feb. 2 from 9:30 a.m.-2 p.m.) in conjunction with the U.S. Department of Agriculture (USDA) food distribution program at the Venice Community Center, 326 Nokomis Ave. S., Venice.

The services offered at all sites include diabetes education and screening, blood pressure tests, pregnancy testing, HIV and tuberculosis testing, adult immunizations and health education. The staff also assists individuals who lack medical insurance and do not have a health care provider to find a medical home for ongoing health care.

No appointment is needed. Some services are free, including HIV rapid testing with results in 20 minutes. Other services are provided on a sliding-fee scale based on income. Licensed volunteer physicians from the Senior Friendship Centers provide basic medical care when the mobile medical unit is at the Salvation Army in Sarasota. A registered nurse is available at all sites.

The following is a schedule of dates and locations for the mobile unit:
